Resolved, That the Society endeavors to give expression by these resolutions of their grateful sense of obligation to Mrs. Sue. F. Mooney as Corresponding Secretary of the Society since its organization, and their appreciation of her efficient services; with the hope that the seal she has ever shown will invite her sisters to worthy emulation, and that the cause may be strengthened by remembrance of her untiring efforts.

Resolved, That, in her departure to other circles, we lose a most useful and loved member; one whose place, we fear, can never be so perfectly filled. We beg her to believe this. We will ever hold her in grateful remembrance, and that we are convinced that in her new field of labor, her "seal will no languor know."

Resolved, That a copy of these resolutions be sent to the Woman's Missionary Advocate, the Christian Advocate and the CLARKSVILLE CHRONICLE, with a request for publication, and the same be entered in full upon the minutes of the monthly meeting.

CATARRH.

for Consultation.

Catarrh is the forerunner of bronchial troubles, lung diseases and premature death. It is a loathsome disease, that if neglected soon attacks the vital organs. Startling as it may seem fully one-third of the inhabitants of this section are afflicted with nasal catarrh, and fully one-half of the deaths from consumption are directly tracea-ble to neglected cases. I have a radical remedy for catarrh and will guarantee to cure all cases that will present the selves at my office for treatment. My terms are very reasonable, and a tris treatment is given free of charge to all applicants. Call for references to des-

erate cases cured four years ago, in
